Visitor Use Attendance Report

2018/19 to 2023/24

BC Parks

BC Parks 2023/24 Visitor Attendance Report

Included Data, Purpose, and Methodology

Table of Contents

Total Attendance and Recreation User Fee Revenues by Region	Page 1
Day Use, Camping and Boating Trends by Region	Page 2
Park Use Permits by Region	Page 3
Appendix 1 - Attendance and Revenue by Park	Page 4

Purpose of Data Collection and Methodology

Attendance data is gathered to monitor visitation patterns, evaluate performance, and inform the management of BC's parks and protected areas. BC Parks tracks attendance through several methods, including online reservations and registrations, in-park registrations, trail and traffic counters, and visual counts. To have standard, comparable information, all "visits" are stated in person days (so one person staying for two days counts as two "visits"). Average party sizes are applied to daily counts of cars, boats, camping parties, etc. to obtain the number of actual visits. In this report Revenues refers to Recreation User Fee Revenue as outlined in the BC Parks Recreation User Fees Regulation and are collected online or in person by Park Operators. Figures from 2022/23 and 2023/24 were extracted from the BC Parks Attendance and Revenue System on December 6, 2024.

Attendance is reported by fiscal year. BC Parks' fiscal year runs from April to March. Please note that due to a change in data systems, provincial attendance data for the period of November 2019 - March 2021 is not available. As such, data from the 2019/20 fiscal year may appear lower due to data from the period of November 2019 - March 2020 not being included in the totals.

Appendix 1 (Attendance and Revenue by Park) provides a detailed breakdown of attendance and revenue per park. Limited resources mean data is only collected in some parks, therefore provincial attendance figures may not reflect the full scope of visitation in parks and protected areas; they are meant to indicate trends in key areas only. There may be areas within a park where data is not collected, especially in larger parks with extensive trail networks or many access points. For some parks, data from certain years may not be available due to traffic counter malfunction or other issues. Areas with no data, or categories that are not applicable are denoted with a "-" symbol and does not necessarily mean there was no attendance in the area. Park attendance is affected by the availability, quality and accessibility of facilities and services. It is also strongly influenced by external factors such as local weather conditions and climate events, transportation infrastructure (e.g., highway construction), the value of the Canadian dollar and general tourism trends. Please contact BC Parks at parkinfo@gov.bc.ca if you have any questions about the attendance and revenue data contained in this report.

Park Use Permits

Number of Active Park Use Permits 2018 - 2022

Year	Commercial	Land Use Occupancy	Ecological Reserve	Trapline	Film	Research	Other
2018	907	599	36	123	83	195	35
2019	894	603	34	124	64	185	0
2020	850	568	28	121	44	165	0
2021	817	559	25	120	61	156	0
2022	934	593	49	114	125	340	0

Note: Numbers include all permits active within the calendar year recorded and include multiyear permits. Permits that expired, voided, pending renewal, or cancelled within the year are included in the count. "Commercial Recreation" includes multi-year and short-term recreational, big game, angle guiding and associated structures, transportation, commercial services, special events, accommodation. "Land Use/Occupancy" includes structures, utilities, roads, etc. "Trapline" includes Trapline and Trapline LRMP (Land Resource Management Plan) - parks that were identified through a land use planning process, and that pre-existing uses such as trapping were recognized as uses that would continue after park designation. Any park established as a result of land use plan direction will go on the Trapline LRMP template, not the regular Trapline template. "Other" refers toTatshenshini River Rafting (Private). Numbers exclude operations permits for Park Facility Operators. Land Use/Occupancy and Research Permits include BC Hydro's permits.
