

UPPER CALLAGHAN VALLEY

SNOWMOBILE RESTRICTION

NOVEMBER 01 - MAY 15 MOTORIZED USE CLOSURE

Snowmobilers

Please keep to the section of the Brandywine Snowmobile Route across the top bench of Solitude Glacier as shown on the map. The adjacent area below the bench, to the north and east of the route, is a winter non-motorized zone within Callaghan Conservancy. Operating snowmobiles in this zone from November 1 to May 15 is an offence pursuant to Section 24(3) of the Park, Conservancy and Recreation Area Regulation.

Fines start at \$230.

This closure applies to a large part of Callaghan Conservancy and all of Callaghan Lake Park, including Cirque Lake basin. This closure is to protect natural resources and the winter backcountry recreation experiences of other users. Sections of the Brandywine Snowmobile Route in the Grizzly Lake and Ring Lake basins are also within Callaghan Conservancy but remain open to snowmobile use. The winter motorized use closure also extends to portions of Crown land outside of the conservancy and park, pursuant to Section 58(1)(b) of the Forest and Range Practices Act (FRPA).
