

E.C. MANNING PROVINCIAL PARK

Monday, April 28th, 2025

TRAIL CONDITIONS REPORT

BC Parks

SYNOPSIS FOR APRIL 28TH, 2025

Spring has arrived in E.C. Manning Park. Temperatures in the mid-teens make for some enjoyable hiking experiences. Many bird species have returned to the area, and their songs fill the air. The trails in the park are beginning to melt, becoming accessible for hiking. Expect to encounter patches of snow, mud and windfallen trees early in the season. Please be Bear Smart when visiting the area, as populations are emerging from their hibernation. For more information please visit [Bear Smart - Province of British Columbia \(gov.bc.ca\)](https://gov.bc.ca)
Please use only designated trails and do not trail braid.

And always remember to **Leave No Trace** when exploring the beautiful backcountry.

Use proper precautions when hiking and camping in bear and cougar country!
 Long range forecast 28 Apr. – 5 May

	00-12	12-00	Max/min temperature	Precipitation mm	Max/min wind m/s
Mon. 28 Apr.			6° / 2°	0.3	4 / 3
Tue. 29 Apr.			7° / -1°	1.8	5 / 3
Wed. 30 Apr.			13° / 0°		2 / 1
Thur. 1 May			17° / -1°		2 / 1
Fri. 2 May			16° / 2°	1	3 / 1
Sat. 3 May			4° / 0°	3.4	4 / 1
Sun. 4 May			7° / -2°	0.4	4 / 1
Mon. 5 May			11° / -6°		3 / 1

Backcountry Camping fees are in affect. Please note that E.C. Manning Park has both Reservation and Registration Backcountry camping permits. Permits can be purchased at [Discover Camping](#) for \$5.00 per night. Backcountry Registrations are for non specific campsites and is not a reservation for a specific campsite in a backcountry camp. You must retain your permit while camping. Day use hiking does not require a permit. **During peak season, a Reservation is required for Kicking Horse, Frosty and Buckhorn campgrounds, with an additional booking fee.**

IMPORTANT CONSIDERATIONS

Weather

- Unpredictable weather may occur at anytime of year. Use local Hope and/or Princeton weather as a source for planning your trip, and prepare accordingly.

Communication

- There is limited cell service in the Park; your phone WILL NOT WORK in most locations.

Wildlife

- To help prevent conflict with wildlife, and for the respect of other park users, **pets must be on leash and under control at all times , as well as picked up after.**
- Please do not feed any wildlife big or small as this will habituate animals to human behaviour and food. This will result in animals aggressively swooping or scurrying for food.

Conservation

- To protect the Park's ecological values, please stay on trails at all times.

DETERMINE WHICH TRAIL TO HIKE

Trail difficulty is based on the length of the trail section, change in elevation, and trail type for average park visitor.

Trail type is defined as:

- **Type I:** 1.5 to 2.5 m wide, paved, crushed gravel, or boardwalk , less than 10% grade
- **Type II:** 1.5 m wide, gravel surfacing in wet areas, up to 15% grade
- **Type III:** 0.5 m wide, grade greater than 15%
- **Type IV:** up to 0.3 m wide, lightly used wilderness trail, tread as worn not grubbed out, infrequent maintenance

TRAILS CONDITIONS REPORT

EASY TRAILS

TRAIL	EST. DISTANCE ONE-WAY	EST. TIME ONE-WAY	ESTIMATED ELEVATION GAINED	TRAIL TYPE	TRAIL CONDITION	AS OF:
BEAVER POND	500m	10 min	Very Little	Type II	Good condition: Trail is clear of windfall.	April 25th, 2025
CLOSED UNTIL CANADA DAY WEEKEND						
PAINTBRUSH
