

Synopsis for July 3, 2026

A mix of sun and cloud is forecasted in the upcoming week. The road to Blackwall Peak is now open for the season. **Blackwall Road is now open from 6am to 11pm daily**, after these hours the gate will be closed. Sumallo Grove remains closed due to bridge construction in the area. Front Country campgrounds are open now for the season. Flowers are beginning to bloom in the park with Mountain Anemone, Lupin and Red Paintbrush beginning to bloom on the Heather trail.

Due to the wind, and heavy rainfall events over the winter there is an extreme amount of windfall in the park. Many trails are very difficult to navigate. Please do not walk around windfalls, as this causes erosion and spreads invasive species. Ranger Staff are working in the backcountry to restore connectivity. Trail reports are the latest information, but updates may be delayed due to vast amount of windalls to be cleared on trails in the backcountry.

If you would like to assist Rangers in clearing windfall, please contact Area Supervisor Travis Rutledge at travis.rutledge@gov.bc.ca.

Long range forecast 3 July - 10 July

	00-12	12-00	Max/min temperature	Precipitation mm	Max/min wind m/s
Fri. 3 July			18° / 9°		4 / 2
Sat. 4 July			18° / 6°	0.1	5 / 2
Sun. 5 July			21° / 5°		3 / 1
Mon. 6 July			26° / 7°		3 / 2
Tue. 7 July			25° / 11°		4 / 1
Wed. 8 July			14° / 6°	4.1	5 / 1
Thur. 9 July			17° / 4°		4 / 2
Fri. 10 July			15° / 5°	0.2	4 / 2

Backcountry Camping fees are in effect.

E.C. Manning Park has both Reservation and Registration Backcountry camping permits that can be purchased at [Discover Camping](#) for \$5.00 per night. Backcountry Registrations are for non specific campsites and is not a reservation for a specific campsite in a backcountry camp. You must retain your permit while camping. Day use hiking does not require a permit. **During peak season, a Reservation is required for Kicking Horse, Frosty and Buckhorn campgrounds, with an additional booking fee. Bookings for Kicking Horse and Buckhorn start June 27th.**

Important Considerations

Be Prepared. Unpredictable weather conditions can occur at anytime. Cell service is extremely limited in the park. Visit: [AdventureSmart | Get Informed and Go Outdoors!](#) For more tips and tricks on staying safe on your visit!

Wildlife

Many animals large and small live in our Parks. Visit [Home - WildSafeBC](#) for information on keeping yourself and wildlife safe on your visit! **Always use proper precautions when hiking and camping in bear and cougar country!**

Please **do not feed any wildlife** big or small as this will habituate animals to human behaviour and food. This will result in animals aggressively seeking or stealing food.

To help prevent conflict with wildlife, and for the respect of other park users, **pets must be on leash and under control at all times**, as well as picked up after.

Conservation

To protect the Park's ecological values, please **stay on trails** at all times.

BC Parks are **Drone Free Zones**.

Remember to **"Leave No Trace"** when exploring BC Parks.

Determine Which Trail to Hike

Trail difficulty is based on the length of the trail section, change in elevation, and trail type for average park visitor.

Trail type is defined as:

- **Type I:** 1.5 to 2.5 m wide, paved, crushed gravel, or boardwalk , less than 10% grade
- **Type II:** 1.5 m wide, gravel surfacing in wet areas, up to 15% grade
- **Type III:** 0.5 m wide, grade greater than 15%
- **Type IV:** up to 0.3 m wide, lightly used wilderness trail, tread as worn not grubbed out, infrequent maintenance

Easy Trails

Trail	Est. Distance One-way	Est. Time One-way	Elevation Change	Trail Type	Trail Condition	As of:
Beaver Pond	500m	10 min	Very Little	Type II	Good condition: Trail is clear of windfall.	May 8, 2026
Paintbrush	1.5km	15 min	Little		Good Condition: Trail has been cleared of windfall.	July 3, 2026
Rein Orchid	600m	15 min	Very little	Type II	Good Condition: Trail has been cleared of windfall.	July 3, 2026
Rhododendron Flats	1 km	20 min	40m	Type II	Good condition: Trail cleared of windfall.	May 8, 2026
Strawberry Flats (from Strawberry Flats to Gibson Pass Ski Hill)	4.5 km	2 hrs	125m	Type I	Fair Condition: Expect windfall on the trail.	June 16, 2026
					Gate to Sumallo Grove closed.	
Sumallo Grove	1 km	30 min	Very little	Type II	Caution! Construction crews are working in the area. Access to the public is not permitted.	May 8, 2026
Twenty Minute Lake	1 km	20 min	10m	Type II	Good Condition: Trail has been cleared of windfall.	June 16, 2026
Little Muddy	5 km	1 hr	100m	Type I	Fair condition: Expect windfall and flooded sections of trail.	June 30, 2026
West Similkameen	2.1 km	1 hr	75m	Type II	Fair Condition: Expect windfall on the trail.	June 16, 2026

Moderate Trails

Trail	Est. Distance One-way	Est. Time One-way	Elevation Change	Trail Type	Trail Condition	As of:
Canyon Nature	2 km	45 min	50m	Type II	Good Condition: Trail has been cleared of windfall.	June 16, 2026
Monument 78	12 km	4 hrs	200m	Type III	Poor Condition: Route finding is challenging. Flooded sections of trail. Expect heavy windfall on the trail.	June 16, 2026
Dry Ridge	.7 km	40 min	75m	Type III	Good Condition: Trail has been cleared of windfall.	July 3, 2026
Engineers Loop	1 km	15 min	200m	Type III	Poor Condition: Eroded sections of trail, heavy windfall.	May 8, 2026
Heather (Blackwall Peak Parking past Buckhorn Camp to First Brother)	9 km	1.5 hrs	100m	Type III	Fair Condition: Trail has been cleared of windfall. Expect to encounter some snow patches on the trail.	June 30, 2026
Heather (First Brother to Kicking horse Camp)	4 km	2.5 hrs	292m	Type III	Fair Condition: Trail has been cleared of windfall. Expect to encounter some patches of snow on the trail.	June 30, 2026
Heather (Kicking Horse Camp to Nicomen Lake Camp)	9 km	3 hrs	122m	Type III	Poor Condition: Expect to encounter windfall and snow on the trail.	June 30, 2026

Lightning Lake Loop (Around Lightning Lake)	9 km	3 hrs	200m	Type III	Good Condition: Trail has been cleared of windfall.	May 8, 2026
Lightning Lake (To and around via Rainbow Bridge)	4.5 km	2 hrs	10m	Type II	Good Condition: Trail has been cleared of windfall.	May 8, 2026
Lightning Lake (Flash Lake Loop)	3.5 km	1.5 hrs	10m	Type III	Fair Condition: Expect windfall on trail.	June 16, 2026
Lightning Lake (Lightning Lake to Flash Lake and Strike Camp)	6 km	1.5 hrs	31m	Type III	Poor Condition: Expect heavy windfall on trail.	June 16, 2026
Lightning Lake (Strike Camp to Thunder Lake)	3 km	1 hr	30m	Type III	Poor Condition: Expect windfall on trail.	June 16, 2026
North Gibson	3.5 km	1.5 hrs	125m	Type III	Good Condition: Trail has been cleared of windfall.	June 30, 2026
South Gibson	3.5 km	1.5 hrs	125m	Type II	Good Condition: Trail has been cleared of windfall.	June 30, 2026
East Similkameen	4.7 km	2 hrs	75m	Type III	Fair Condition: Expect windfall on the trail.	June 16, 2026
Three Falls	4.5 km	2-3 hrs	Very Little	Type III	Good Condition: Trail has been cleared of windfall.	June 16, 2026

Difficult Trails

Trail	Est. Distance One-way	Est. Time One-way	Elevation Change	Trail Type	Trail Condition	As of:
Bonnevier	17 km	8 hr	950m	Type III	Good Condition: Trail has been cleared of windfall.	June 16, 2026
Tom Moore Trail— Bonnevier Upper East Gate Bypass	3 km	1 hr	300m	Type III	Good Condition: Trail has been cleared to the tree line.	June 16, 2026
Dewdney (from Cascade Parking to Whipsaw FSR)	25 km	10 hrs	1131m	Type III	Good Condition: trail has been cleared of windfall. Caution! Construction crews for Hwy 3 bridge construction in area.	June 30, 2026
Grainger Creek (from Hope Pass Trail to Nicomen Lake)	9 km	4 hrs	952m	Type III	Poor Condition: Expect snow and extreme windfall on trail.	June 16, 2026
Hope Pass (From Cayuse Flats to Whipsaw FSR)	24 km	10 hrs	1000m	Type III	Poor Condition: Expect snow and windfall on the trail.	June 16, 2026
Windy Joe (From West Similkameen)	8 km	4 hrs	525m	Type II	Fair condition: Trail has been cleared to the 6km mark. Expect windfall beyond this point.	June 16, 2026
Mt. Frosty (From Lightning Lake Day Use to Summit)	10.5 km	6 hrs	1150m	Type III	Poor Condition: Expect snow and heavy windfall on the trail. Trail is scheduled for maintenance July 10 th -12 th .	June 30, 2026
Mt. Frosty (From Windy Joe Trail to Summit)	14.2 km	6 hrs	1150m	Type III	Poor Condition: Expect snow and heavy windfall on trail. Trail is scheduled for maintenance July 10th -12th.	June 30, 2026
Memaloose Trail (From Highway 3 to Poland Lake)	9 km	4 hrs	427m	Type IV	Poor condition: Expect heavy windfall and flooded sections on trail.	June 30, 2026
Mount Outram (From Westgate — The Marmot)	9 km	6 hrs	1699m	Type IV	Poor condition: Expect windfall and snow on the trail.	May 8, 2026
Monument 83	16 km	7 hrs	859m	Type II	TRAIL CLOSED. Caution! Construction crews working in area. Access to the public is not permitted.	May 8, 2026

Nicomen Lake (From Nicomen Lake to Marmot City)	9.5 km	2.5 hrs	31m	Type IV	Poor Condition: Expect snow and windfall on trail.	June 30, 2026
Pacific Crest (From Windy Joe Trail to Border)	8 km	3 hrs	450m	Type III	Poor Condition: Expect heavy windfall on trail.	June 16, 2026
Poland Lake (From Strawberry Flats)	8 km	4 hrs	665m	Type II	Poor Condition: Expect windfall on trail.	June 30, 2026
Skagit Bluffs (From Cayuse Flats to Cascade Parking)	5.6 km	2.5 hrs	225m	Type III	Fair Condition: Trail has been cleared of windfall. Caution: Trail crews are working on restoring eroded sections of trail.	June 16, 2026
					Condition: Unknown	
Skagit River (in Skagit Valley Provincial Park)	16 km	4 hrs	Very Little	Type III	Caution!! The Skagit River has changed course. There is no bridge in place to cross the river. Attempting to cross the river over log jams is extremely dangerous and should be avoided.	Winter, 2021
Skyline I (Lightning Lake to Strawberry Flats)	16.6 km	6 hrs	775m	Type III	Good Condition: Trail has been cleared of windfall.	June 24, 2026
Skyline II (From Despair Pass to Mowich Camp)	12.5 km	3 hrs	469m	Type III & IV	Poor Condition: Expect snow and heavy windfall on the trail.	May 8, 2026
