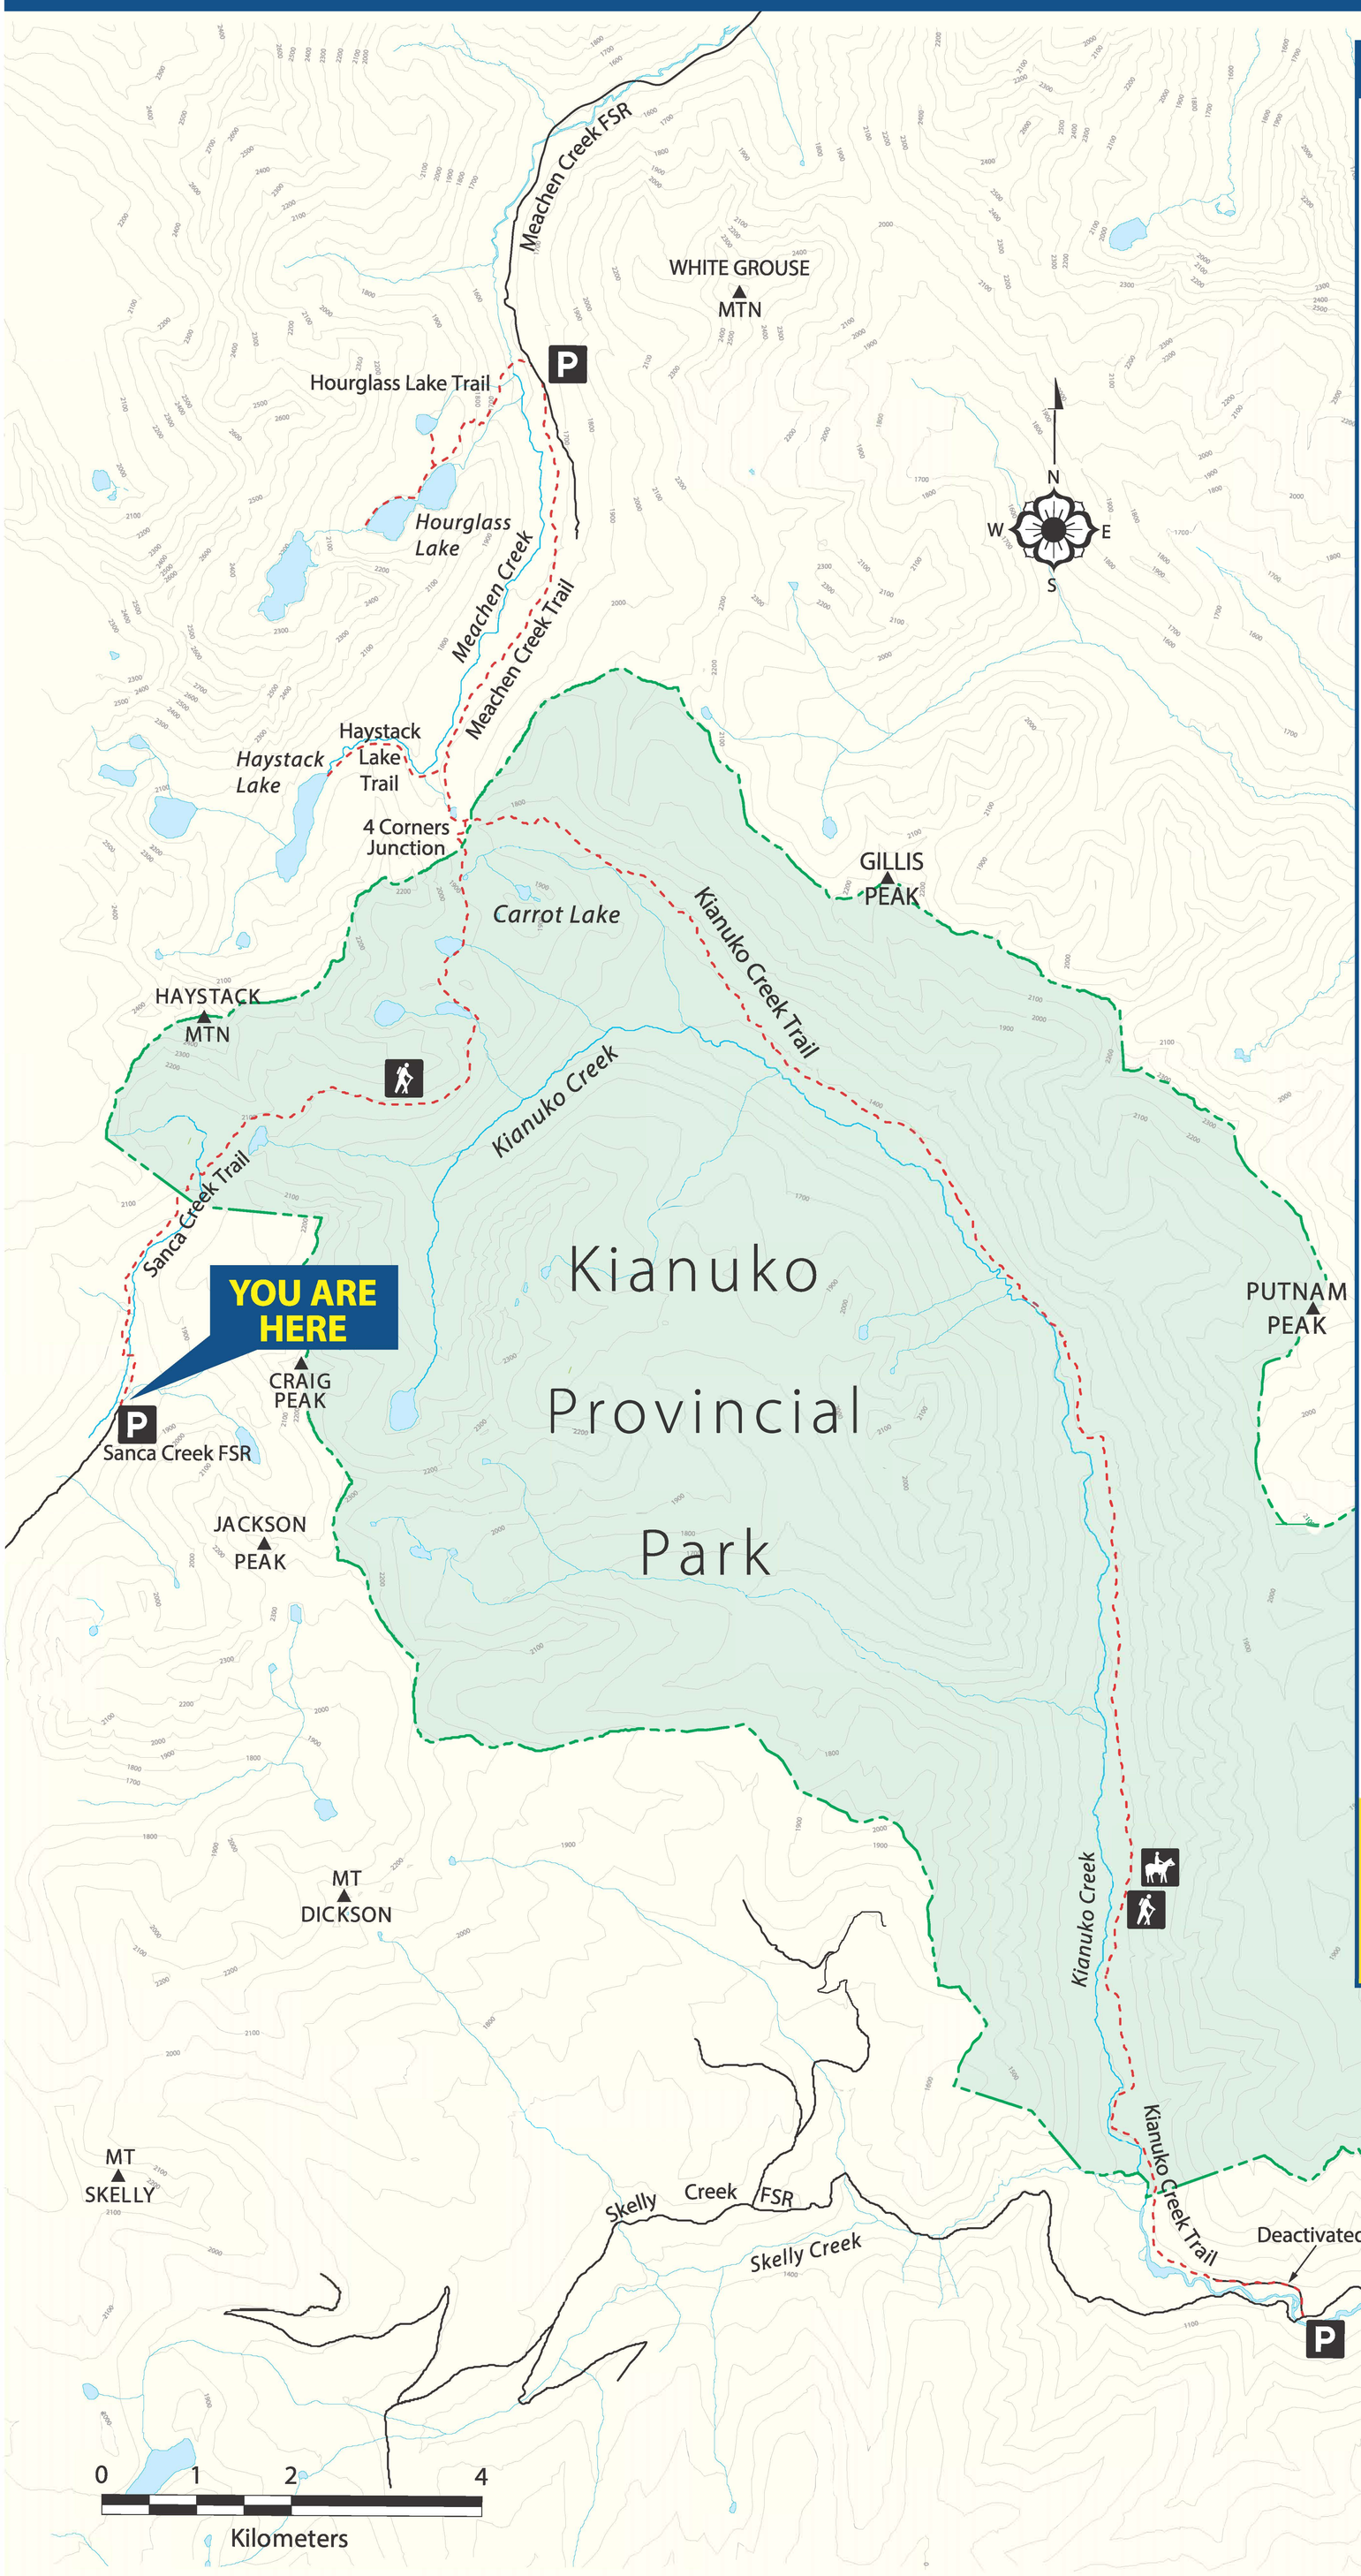
Kianuko Provincial Park



What You Need to Know

This is a wilderness area. Hikers should be prepared for long trail distances and overnight camping.

Wilderness, backcountry or walk-in camping is allowed. Where there are no existing campsites, please practice "Leave No Trace" wilderness camping ethics. Hang your food to avoid potential wildlife conflicts. When toilets are not available, bury human waste at least six inches in soil and 30 metres from water.

Hunting is permitted in the park during open hunting seasons. Firearms may be carried by persons with a BC hunting license during an open hunting season. To avoid human-bear conflicts and out of respect for non-hunters, please hang all game meat at least 75m away from all camps and cabins and hang game 4-5 metres above the ground. Check the B.C. Hunting and Trapping Regulations Synopsis for more details.

Fishing is permitted.
Anyone fishing or angling in British Columbia must have an appropriate licence.

Dogs and other pets are not recommended in backcountry areas due to wildlife impacts and the potential for problems with bears. However pets are permitted on a leash at all times.

Motorized use is not permitted.
No off-road motorized vehicles (eg motorbikes, ATV's or snowmobiles) permitted within the park.

Report a Forest Fire
