Introduction

This schedule lists fees established by the Minister pursuant to authorities in the [Park Act](#).

The schedule represents recreation user fees regulated under the [BC Parks Recreation User Fees Regulation](#). This regulation does not include park use permits or administrative penalties.

This fee schedule does not include Service Plus fees. Service Plus fees are charged by park operators for enhanced services. They are established by agreement between the Ministry and park operators. Service Plus fees related to camping are identified in the costs listed in BC Parks reservation service at camping.bcparks.ca.

This schedule also sets out fee exemptions under the authority of Section 29.2(4) of the [Park Act](#).

The tables below list recreation user fees by protected area for services found in Section 3, Table 1 of the [BC Parks Recreation User Fees Regulation](#), long-stay camping as per Section 39(1) of the [Park, Conservancy and Recreation Area Regulation](#), application of a \$20 non-resident fee charged to visitors from outside of British Columbia for select services, and notes on the recreation user fee schedules, including specific fees in effect in select locations from January 30, 2026 until May 14, 2026.

Long-stay camping is managed in accordance with the long-stay policy. For details, download the [camping information supplement \[PDF\]](#). The table below outlines the current campgrounds and operating dates where long-stay camping is offered.

Footnotes

1. Winter camping rates

Winter camping rates are subject to park winter operating dates. This column indicates a further reduced off season (winter) rate, where applicable. A reduced winter rate indicates camping is available, but services (for example, water, showers, staff presence) are reduced. If no reduced winter rate is listed, and the park is still open, the off season (shoulder) rate will apply. Check the [park webpage](#) for details.

2. Service Plus fees apply

Additional Service Plus fees apply for full-service electrical hook-ups. Check the [park webpage](#) for details.

3. Fees in effect from January 30, 2026 to May 14, 2026 at specific locations
